(a) $g = 2$, $m_s = 0.3\,m$
(b) $g = 3$, $m_s = 1\,m$
gap at the Fermi surface, $\Delta/E_F$
above this line: beyond weak coupling
Fermi momentum $k_F/m$
Fermi momentum $k_F/m$
vector pair along $x0$: radial + phase mode
radial mode alone
two-form pair: radial − phase mode
